

# Compact Tyre Inflator

With interior air compressor and air tank, this model offers the best value to customers.

## General Specifications

Units of Measurement:	psi, kPa, bar
Power Requirement:	AC220V±10%, 50Hz, 600W
Max Inlet Air Supply:	116psi, 800kPa, 8bar
Recommended Inlet:	44psi, 300kPa or 3 bar
Supply Pressure:	above the maximum set pressure of the unit.
Accuracy:	±1psi, 7kPa, 0.07bar
Working temperature:	-40°C-60 °C
Environment Humidity:	0-90%
Tracheal length:	10m
Display Increments:	1psi, 5kPa, 0.1bar
Max Inlet Air Supply:	116psi, 800kPa, 8bar
Noise:	≤ 45dB
