

Digital Tyre Inflator / outdoor

The SKE series Freestanding Digital tyre inflator is designed for any automotive service facility; it enhances site image and provides safe, accurate and reliable tire inflation for customers. It provide 3 type: indoor, outdoor(water proof)and with water supply for optional.

Technical specification:

Dimensions (Height*Width*Depth)	1200mm*360mm*360mm 48.5"14.2"14.2"
Net Weight	17.5kg/38.5lbs
Gross Weight	21kg/44.5lbs
Packing Size (Height*width*Depth)	200mm*1200mm*360mm 7.9"50.8"15.7"
Power Requirement	100-240Vac; 50/60HZ
Power Consumption	23VA
Operating Temperature Range	-20°C (-4°F) to 70°C /158°F
Max Inlet Air/ Nitrogen Supply	217PSI/ 15bar /1500KPa
Operating Range	5-174PSI/0.3-12bar/0.5-1200KPa
Accuracy	±1PSI/0.07bar / 7KPa
Resolution	1PSI/ 0.1bar /5KPa
Units of Measurement	PSI/ bar / kPa
